

DuPage Medical Group

EYE SPECIALISTS

LASIK vision correction

Our LASIK surgeons utilize their extensive experience and expertise to deliver safe and effective results.

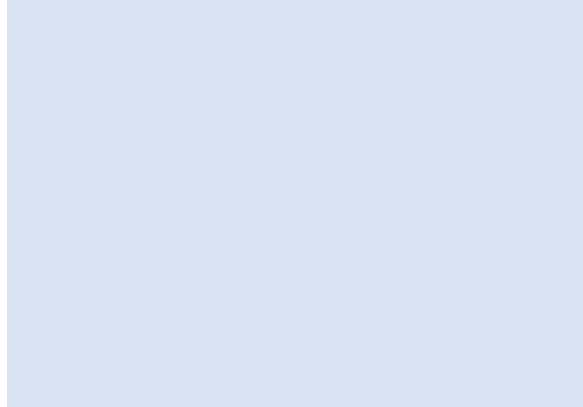

experience matters

exceptional expertise

At DuPage Medical Group, you'll find highly experienced, board certified, fellowship trained ophthalmologists specializing in LASIK™ surgery. Our surgeons utilize the IntraLase™ method, a 100% blade-free technique proven to be safe and effective. Prior to surgery, our team performs extensive evaluations to determine if you are a candidate for LASIK surgery. If you are a good candidate, we then do further testing and evaluation. Everything from the diameter of your flap to the angle of its edges is precisely measured so that we can tailor your procedure to the dimensions of your eyes.

Beyond our surgical expertise, you'll find our practice to be very personable and friendly. You'll spend a great deal of time with our doctors so that you can have all your questions answered. After all, your comfort is most important.

If you would like to find out if you are a candidate for LASIK vision correction surgery, please give us a call to schedule a complimentary evaluation.

Charles Ahn, M.D.

An accomplished, board certified ophthalmologist, Dr. Ahn has more than a decade of experience in LASIK and refractive surgery.

Dr. Ahn received his medical degree in 1993 from the University of Michigan Medical School. He completed his residency at the University of Illinois at Chicago where he was an instructor on the voluntary faculty in the ophthalmology and visual sciences department. Dr. Ahn completed a Cornea and Refractive fellowship from the University of Utah School of Medicine in 1998. He was also awarded the Resident Research Award during his time at UIC at Chicago. He has published many articles in various professional medical journals and has presented on several vision care subjects and procedures. In fact, he is frequently asked to lecture on LASIK surgery at various instructional programs.

Dr. Ahn is a fellow of the American Academy of Ophthalmology, as well as a member of the American Society of Cataract and Refractive Surgery and the American Medical Association. He is affiliated with Good Samaritan Hospital.

Richa Singh, M.D.

A board certified ophthalmologist, Dr. Singh has extensive expertise in vision and eye care, including LASIK and Cataract Surgery. Her clinical areas of interest include cataract and refractive surgery.

Dr. Singh completed her Bachelors of Science degree at the University of Akron as part of an accelerated six year medical training program at the Northeastern Ohio Universities College of Medicine. She graduated Alpha Omega Alpha with honors at the top of her medical school class at age 23. She completed her internship in preliminary medicine at Evanston Northwestern Healthcare. Dr. Singh was a clinical instructor of ophthalmology as well as Chief Resident during her ophthalmology residency at Akron City Hospital. Dr. Singh then completed a highly specialized Refractive Surgery fellowship at the Assil Eye Institute in Beverly Hills, California.

Dr. Singh is a fellow of the American Academy of Ophthalmology, as well as a member of the American Society of Cataract and Refractive Surgery and the American Medical Association. She is affiliated with Good Samaritan Hospital.
